Important information for media representatives:

DATE

- Each accreditation is only valid for the registered person, i.e. it is personal and therefore non-transferable.
- We will only consider accreditation requests from media representatives with an **internationally** recognised press card. In addition, accreditation can only be granted to persons with a written editorial or agency assignment.
- The organiser reserves the right not to grant every request for accreditation, taking into account the available capacities and the specified accreditation deadline.
- In the event of acceptance, a media accreditation entitles the holder to access the approved working areas in the inner area, the press grandstand and the mixed zone after the match.
- Any infringement of the accreditation or implementation regulations may result in the immediate withdrawal of accreditation.
