**Important information for photographers:**

- Each accreditation is only valid for the person registered, i.e. it is personal and therefore non-transferable.
- As a matter of principle, only photographers who can prove a **national press card** and, on request, an **editorial assignment or proof of work** are entitled to accreditation in the photo section.
- The organiser reserves the right not to grant every application for accreditation, taking into account the available capacities and the specified accreditation deadline.
- In the event of acceptance, photo accreditation entitles the holder to the use of a workstation in one of the approved work areas in the interior of the stadium as well as to the use of a photo strip at the edge of the pitch (but not on the main stand side).
- Any infringement of the accreditation or implementation regulations may result in the immediate withdrawal of accreditation.
- Any **use of the photos for promotional purposes** requires the prior written consent of the organiser and/or other rights holders (e.g. the players depicted).
